

# OPTICOM LEGAL ACTION

## Neighborhood Announcement!

Stay informed. Stay connected.

At the spring Baxter Master Community Association meeting last night, the Board of Directors had the HOA attorney speak to the attendees. She informed the HOA that the Board is ready to file suit against Opticom to get the contract the is currently in place negated. The attorney feels we have an extremely good case and has sited an almost identical case out of Big Sky that had a positive outcome.

**If you are getting billed for Opticom services, but do not have Opticom services, please send Kathi an email, [kathi@lunaproperties.biz](mailto:kathi@lunaproperties.biz) and let her know. We would like to get a database put together of those homeowners.**

Please be aware, that this whole process will take time, so please be patient. Also, if this case is successful, you may be able to use the judgement to go after your payments you have been making for service you are not receiving.

We look forward to a successful suit and moving forward without this contract!
